

## Newsletter May-June 2010

1. Meeting with Krifa trade union and A-kasse-6 May
2. Trip to London for the Danish students
3. Graduation of Danish and Polish students
4. Leonardo da Vinci project with a Romanian agricultural school
5. Football camp in Århus

### 1. Meeting with Krifa trade union and A-kasse-6 May

At the Samfund subject (Danish Culture and Civilization) the students have learned between other things like Geography, Education, The Danish System of Taxes, Medical Services, also about the Danish Work Market. Here they were presented various A-kasse (the Unemployment Fund) and Trade Unions.

On 6<sup>th</sup> of May there came 2 representatives from Krifa fagforegning and A-kasse and explained to our students how these 2 systems work in Denmark. At the end of presentation there were a lot of questions from our Romanian students and all who were present became members of Krifa as long as it is a free service for the students.

**2. Trip to London for the Danish students**

The Danish students from 1H group have decided to have a trip together before their graduation exams. It was a nice trip and they had the chance to try their English in the real world!!!

### 3. Graduation of Danish and Polish students

The summer holiday is coming soon and many of the students have finished or soon will finish their Modules at Agroskolen. Here you have some pictures with the Danish and Polish students who have just finished Module 1H on 28<sup>th</sup> of May.

### 4. Leonardo da Vinci project with a Romanian agricultural school

In the second half of June month we will have 2 teachers and 14 Romanian students from “Simion Barnutiu” Agricultural School Group Carei-Romania within a Leonardo da Vinci Project. The title of the project is “To be a farmer through Danish theory and practice” and the aim of this project is to introduce students from 10<sup>th</sup> and 11<sup>th</sup> grades in the Danish modern agriculture. So, the students will be trainees for 14 days at different types of Danish farms: cows, pigs and minks. In the next newsletter we will come with more information about this project.

## 6. Football camp in Århus

On the 1<sup>st</sup> of June, Agroskolen selected 14 romanian persons to represent the school at a football tournament in Aarhus, between several schools from all over Denmark; Jylland, Seeland, and Fyn. The whole lot of players was chosen from the G0210en group. The day started well with a sunny weather and a cheerful team, singing all the way to Aarhus on the bus. They played 3 games. Unfortunately, they lost two of them, but the last one, they won with a score of 3-2. One of the players (Georgescu Ionut) even broke his arm and a toe during the first match, but he kept on playing at the other games, despite the awful pain that took over his arm and leg. All the players played heroically, most of them coming out with injuries. Even though they only came in 5<sup>th</sup> place out of 6 teams, everybody had a great time.

Team:

Goalkeeper: Florin Doroftei

Quarterbacks: Agavriiloae Daniel, Voicu Mircea, Glodean Ionica, Sorin Alexa,

Midfielders: Rolland Markovits, Marius Nuta, Georgel Panaite (captain), Vlad Iasincovschi
